Judge Wood Instructs Jury to Find for Defense in Action Instituted by City.

The Terminal Association nonsuited the city yesterday in its suit for the \$150,000 promised by the Terminal to build the Clark avenue bridge at Union Station, The case, which has been pending sine April, 1839, went to trial yesterday in Judge Wood's division of the Circuit

Court. At the close of the testimony Judge Wood instructed the jury to find for the lefense. The city then took a nonsuit Judge Wood based his action upon the fact that the ordinance providing for the milding of the bridge provides the approaches be made on Eighteenth and Twentieth sire is, and that no provision has been made for the assessment for damages to property abuiling the ap-

The ferminal people claimed that the rie se contemplated in the ordinator probability for the establishment of Union Station, under which the agreement to pay he Si32,899 was made, was to be built on lark avenue between Eighteenth and even leth streets, with approaches, and hat they were not bound to contribute to ordige parts of which were to be on other streets. a ortige parts of which were to be on other streets.

Judge Wood, in sustaining this contention, said that the approaches of a bridge are pertions of the bridge, and that, as the original ordinance called for a bridge over Cark avenue, that the Terminal people could not, in his opinion, be compelled to pay for a bridge over any other street.

He zaid aise that the city had no right to proceed with the matter until it had obtained the right to build the bridge, which was to be done by providing for the assessment of damages to properly abutting the approaches.

To proceed without this having been done, he said, would involve the city in disputes with the property owners, which he did not propose to allow to be done.
